The message said:

"The setting up of the N.U.F.K. radio and A.K.I. has marked an important step forward and a great success in the political, cultural and ideological front of the revolutionary movement of Cambodia under the leadership of the National United Front of Kampuchea and the Royal Government of National Union of Cambodia headed by head of state Samdech Norodom Sihanouk.

"...with a close militant friendship, working in the same field of action, and fighting against the same enemy--the U.S. imperialist aggressors and their agents--the information and cultural workers of South Viet Nam are very glad and very proud of your new success.

We pledge to fight shoulder to shoulder with you, to further strengthen the militant solidarity between our two peoples and to spare no efforts to support and encourage each other to bring the struggle of our two peoples and that of the peoples of Indochina as a whole to final victory."
