SIHANOUK 26 MAR STATEMENT NAMES MORE WAR CRIMINALS

Peking NCNA in English 1558 GMT 27 Mar 75 OW

[Text] Peking, March 27, 1975 (HSINHUA)--Samdech Norodom Sihanouk, head of state of Cambodia in a statement yesterday reaffirmed the determination of the Cambodian people to struggle through to the end.

The statement was issued in connection with the fact that the United States recently instigated Long Boret to make an appeal, in the name of the "prime minister" of the new government of "Khmer Republic", to "the Cambodians of the other side" for a cease-fire, negotiations and a "national reconciliation".

The statement says: "Long Boret himself has been sentenced to death by the Cambodian people in the national congress (on February 25, 1975). "U.S. imperialism will be greatly mistaken if it believes that Long Boret knows better than Lon Nol [how] to soften the Khmer Rouge patriots' will to resistance and make them join his dirty 'republic'."

It says that although Hang Thun Hak, Pan Sothi, Sak Sutsakhan, Lon Non and other super-traitors were not sentenced to death by the Cambodian people's national congress, they are also real war criminals and will confess their crimes before the state courts of justice after the liberation of Phnom Penh.

The statement says: "In offering these fascist and extremely corrupt traitors, super war criminals and ignominious criminals as 'interlocutors' with the National United Front of Cambodia, the Royal Government of National Union of Cambodia and the Cambodian People's National Liberation Armed Forces, U.S. imperialism is insulting unpardonably the memory of the Cambodian patriots, men and women, who had sacrificed their lives for the most lofty and purest ideals of the Cambodian people."

The statement says: "The NUFC, the RGNUC, the CPNLAF and Norodom Sihanouk swear to fight to death against U.S. imperialism. We swear that we would never accept negotiation or compromise with U.S. imperialism and its henchmen as long as the breath of life remains with us."

The statement says: "If the U.S. aggressors again dare to embark on adventure against our people, they will be able to victoriously cope with this despicable and arch-criminal aggression."
