To Iraqi President

Pyongyang KCNA in English 0345 GMT 21 Jul 75 OW

[Text] Pyongyang July 21 (KCNA)--Samdech Norodom Sihanouk, head of state of Cambodia and chairman of the National United Front of Kampuchea, now on a goodwill visit to our country, sent a message of greetings to Ahmad Hasan al-Bakr, president of the Republic of Iraq, on the occasion of the 17th anniversary of the proclamation of the Republic of Iraq and the 7th anniversary of the victory of the July 17 revolution. It pointed out:

On the occasion of the glorious day of the revolution and the proclamation of the Republic of Iraq, I extend my warmest felicitations to respected Your Excellency and warmly wish you only successes in your noble patriotic work of taking the helm of the state and the Iraqi nation as well as your happiness.

In the name of the Cambodian people, the National United Front of Kampuchea and the Royal Government of National Union of Cambodia and in my own name, I hope that Your (?Excellency and) the courageous Iraqi people and their dignified party and government will believe in our great joy over the great successes achieved by revolutionary Iraq in all fields of state construction, in defending its sovereignty, national unity and territorial integrity and in external relations.

Availing ourselves of this good opportunity, we extend our enthusiastic respects to the Iraqi people who are boldly carrying into effect the ideal of justice, freedom and peace under the outstanding guidance of Your Excellency and consistently extending full support and solidarity to the people who are undergoing sufferings due to imperialism, neo-colonialism, Zionism and racism.

We will never forget Iraq which has rendered unconditional support to us and powerfully assisted us in the victory of our cause in the most grimmest period in our history.

We wish the great Arab people complete victory over aggressive Zionism and imperialism.

With the highest fraternal regards.

They endured hardships and overcame all obstacles with commendable courage. They fought resolutely under the showers of bombs dropped by B-52s and other jet fighters and under the hail and barrage of mortar, rocket and artillery fire. They dug and crawled in trenches during dry as well as rainy seasons. They crossed countless rivers, streams, ponds, forests, valleys and mountains. They assaulted and stormed enemy camps in hand-to-hand combat, preferring death to capture.

From our revolutionary army's bloody sacrifices and great revolutionary heroism over the past 5 years of struggle was born the historic, brand new Cambodia. It has been 3 months since our people and revolutionary army completely liberated Phnom Penh and the rest of the country. In that time our revolutionary army has launched a ceaseless offensive to defend the beloved fatherland's independence, peace, neutrality, sovereignty, democracy and territorial integrity on the one hand and on the other to repair communications lines, clean up cities, restore factories, revive the economy, resolve the water conservancy problem, increase production and grow the rainy season rice crop with soaring enthusiasm.

Our revolutionary fighters in every front are engaged in a seething, unsparing drive to fulfill their revolutionary duties without even resting from the struggle to liberate the capital. The combatants and cadres have swept and cleaned carcasses left behind by U.S. imperialism and the Lon Nol clique. They have helped to gradually return factories to their normal operation. They have repaired wharves and ports, railway stations and railroads. They are plunging into the battle to clean, tidy up and repair Pochentong Airport.

Most of the combatants and cadres of both sexes are now enthusiastically taking part in the drive to build dams and grow rice. Thousands of our revolutionary army brothers and sisters are building dams northwest of Phnom Penh, in areas such as Khmuony and Anlong Krangan. Around Pochentong base, along routes 4 and 3, in Stung Meanchey, at the Chamcar Daung glass factory, along Route 38, along Prek Thnot stream, along Route 1 east of Phnom Penh, in Chroui Changwar northeast of Phnom Penh, along Route 5 and along the Tonle Sap River from Phnom Penh to Prek Kdam our brother and sister combatants and cadres are militantly plunging into the most enthusiastic agricultural production drive. At the same time, our revolutionary army in the southwest, west and northwest is feverishly repairing railroads while our revolutionary units in other regions are also militantly helping to repair highways, clean up cities and cultivate the rainy season rice crop. Our revolutionary army is strengthening and expanding the revolutionary living standards in order to defend and make the country progress and develop by leaps and bounds in the very near future.

Long live the heroism of our revolutionary army in the united drive to increase production, restore the economy and build the country!
